

Inaugural Class of IAHSI – 2024

Arriel Benis

Arriel Benis, PhD is an Associate Professor of Biomedical Informatics and Health Data Science, and the Head of the Digital Medical Technologies department at the Holon Institute of Technology, Israel. His research interests are at the crossroads of “Healthcare Informatics and Digital Health”, “Applied Artificial Intelligence and Data Science”, and “Digital Epidemiology”. He co-initiated the pioneering “One Digital Health” framework (ODH) and the “Medical Informatics Multilingual Ontology” (MIMO). Currently, he serves as EFMI Executive Officer, EFMI WG ODH (funder and co-chair), EFMI WG Healthcare Informatics for Interregional

Cooperation (co-chair) and IMIA WG ODH (funder and chair). Arriel Benis is an Associate Editor of JMIR Medical Informatics.

His publications can be found [here](#).
