

Class of IAHSI - 2023

Dawn Dowding

Dawn Dowding (PhD, RN, FAAN) is Professor in Clinical Decision Making, School of Health Sciences, University of Manchester, UK. She is a health services researcher and nurse with expertise in the field of health care decision making and nursing informatics. Her particular interest is the development and evaluation of decision support tools, and the application of Health Information Technology for assisting decision making in practice.

She is currently the lead for the Digital Health theme in the NIHR Applied Research Collaboration Greater Manchester. She is a Fellow of the Faculty of Clinical Informatics (UK) and an elected fellow of the American Academy of Nursing. She is co-Chair of the eHealth forum at the Royal College of Nursing, and UK representative to the International Medical Informatics Association Nursing Group. Dawn completed her registered nurse training at St Bartholomew's College of Nursing and Midwifery, London, has a BSc (Hons) in Psychology with Nursing Studies from City University, London and a PhD in Psychology and Nursing from the University of Surrey, UK.
