

## **Class of IAHSI – 2019**

**Hamish S.F. Fraser**

Dr. Fraser trained in Medicine, Cardiology and AI at Edinburgh University, and clinical decision making at MIT. He co-founded OpenMRS an open source EMR project now used in 65 countries. He is an Associate Professor of Medical Science at Brown University in Rhode Island, USA with previous faculty appointments at Harvard University and the University of Leeds. His main focus is the development and evaluation of medical information systems particularly in low income countries, and he received a Marie Skłodowska-Curie Fellowship to evaluate the use of OpenMRS in Rwanda. Other interests are cardiovascular disease, and diagnostic decision support systems for patients.
