Guy Paré

Guy Paré has made digital health his main area of expertise over the past 25 years. He is HEC Montréal's Endowed Chair in Digital Health. The quality of his scientific output has made him one of the most renowned researchers in Canada and one of the most influential internationally in this field. His numerous publications in top-tier journals have caught the attention of several organizations over the years, including the World Health Organization (WHO), the Haute Autorité de Santé (HAS) in France, Canada Health Infoway (CHI), the Auditor General of Quebec's office and the Fédération des médecins omnipraticiens du Québec (FMOQ).
