

## Inaugural Class of IAHSI – 2017

**Yu Chuan Jack Li**

Professor Li is a renowned expert in artificial intelligence in medicine and translational biomedical informatics and is one of the top 2% scientists in the world. He has dedicated his career to advancing the use of AI in patient safety and prevention ("Earlier Medicine"). He has been actively involved in international collaborations for biomedical informatics development in Asia, America, Europe, and Africa.

Currently, Professor Li holds the position of President of the International Medical Informatics Association (IMIA) and has previously served as Vice President of IMIA and President of the Asia-Pacific Association for Medical Informatics. His contributions to the field have been recognized with his election as a Fellow of the Australian College of Health Informatics in 2009, the American College of Medical Informatics in 2010, and the International Academy of Health Science Informatics in 2017.
