

Class of IAHSI - 2023

Noémie Elhadad

Noémie Elhadad is Associate Professor and Chair of the department of Biomedical Informatics at Columbia University, affiliated with the department of Computer Science and the Columbia Data Science Institute. She is Director of Medical Informatics Services at NewYork-Presbyterian Hospital. Her research lies at the intersection of artificial intelligence, human-centered computing, and medicine, with a focus on developing novel machine-learning methods. She creates new AI methods and tools to support patients and clinicians in their information needs, with particular focus on ensuring that the AI systems of the future are fair and just.
