

Class of IAHSI - 2021

David Riaño

David Riaño is associate professor at the Department of Computer Science and Mathematics at the Universitat Rovira i Virgili (URV), Spain. He is the coordinator of the Master in Artificial Intelligence and Head of the Research Group on Artificial Intelligence at URV, Vice-president of the Catalan Association of Artificial Intelligence (ACIA), member of the Spanish Society of Medical Informatics (SEIS), and member of the Board of the Society of Artificial Intelligence in Medicine (AIME). He is also member of the Editorial Board of the Journal of Artificial Intelligence in Medicine. David has a BSc in computer engineering, an MSc in computer science, and a PhD in Artificial Intelligence. His main research interests are in the analysis of clinical data and the formal representation of health care knowledge in order to help clinical decision making.
