

Class of IAHSI – 2020

Yoichi Satomura

Since the involvement to the HIS Chiba University Hospital (1978), Professor Satomura has been concerned with EHR. He worked with Japanese medical terminology and standard classification ie. ICD, SNOMED. He has held the presidency of JAMI 1998 -2000. He contributed to establish the new rule on EHR releasing from conventional regulation on paper-based MR (2002). He is now emeritus professor after his retirement from Chiba University (2004)
