

Inaugural Class of IAHSI – 2024

Christopher Seebregts

Dr Christopher Seebregts is a health informatics professional with a background in biomedical research in low- and middle-income countries. He was head of biomedical informatics research at the South African Medical Research Council before founding Jembi Health Systems, a South African non-profit digital health and data science company, where he is the CEO. He is an honorary research associate at the University of Cape Town and played a leadership role in development of the Open Medical Record System (OpenMRS) and Open Health Information Exchange (OpenHIE) communities.
