Aviv Shachak

Aviv Shachak is an Associate Professor at the University of Toronto's Institute of Health Policy, Management & Evaluation (Dalla Lana School of Public Health) and the Faculty of Information. His work at the intersection of Health Informatics and Health Professions Education seeks to improve usage and help realize the potential benefits of health information systems. It explores various approaches to educate future and practicing clinicians on the non-technical issues of using information and communication technology in health including exploratory, computer based simulation, and video tutorials. Dr. Shachak's work has been published in various Medical, Information Science, Professional Communication, and Biomedical Informatics journals. He is the lead editor of a book titled "Health Professionals' Education in the Age of Clinical Information Systems, Mobile Computing and Social Networks".
