

## Class of IAHSI – 2020

**Marisa Wilson**

Dr. Wilson is the Interim Department Chair for Family, Community and Health Systems at the University of Alabama at Birmingham School of Nursing (UABSON). She is also the Director of the Health Services Leadership pathway which includes Nursing Informatics MSN program. She is a faculty member in the Masters, Doctor of Nursing Practice (DNP), and Executive DNP programs teaching informatics for quality, safety, and the transformation of care. She is actively involved in nursing informatics leadership for the American Academy of Nursing, American Medical Informatics Association, the HIMSS Global Conference Education Committee planning committee and HIMSS TIGER workgroups.

Dr. Wilson is planning committee member for the annual Summer Institute in Nursing Informatics. In addition, she is on the board of the Commission for the Accreditation for Health Informatics and Information Management Education. Dr. Wilson is a task force member for both the American Association of Colleges of Nursing Re-Envisioned Essentials managing the revision of Domain 8 – Informatics and Healthcare Information Technology and the revision of the ANA Scope and Standards of Nursing Informatics Practice. Her scholarly work has been focused on competency development and academic support nationally and internationally.
