

## Class of IAHSI - 2020

### Diego Kaminker

Diego Kaminker has been an HL7 Fellow since 2018. He defined, implemented, maintained hundreds of healthcare interoperability projects using major HL7 standards (V2.x, CDA R2 and FHIR).

He is certified in all HL7 Standards and a member of the HL7 Education Advisory Board.

He created and oversees the HL7 and FHIR Fundamentals and Intermediate Courses, with over 6000 students educated in HL7 standards worldwide in the last 15 years (2005-2020).

Diego has taught dozens of face-to-face HL7 and FHIR tutorials all over Latin America and Spain. In 2011 Diego created the syllabus and exercises for the Meaningful Use Workshop, for HL7 International, teaching standards required by the Meaningful Use rules. During 2012 Diego created the assignments for the HL7/CDA R2 portions of the Health Information Management and Exchange Specialist Role Health IT Certificate Program (Columbia University). In 2019 Diego created the concept and assembled the tutors for the FHIR Experience, a two days tour on the HL7 FHIR Standard, held during HL7 WGM Meetings.

Diego is also a member of the HL7 Argentina board since its inception in 2002, and is actively participating in the definitions for the FHIR based Argentina National Digital Health Network. Diego was awarded the HL7 Volunteer of the Year distinction in 2008 and served several times as a member of the HL7 International Board of Directors, representing the HL7 Affiliates worldwide.
