WG Website

1. Achievements – IMIA WG Events and projects conducted, and publications completed

   The DI-WG group is in process of publishing their first newsletter this quarter. The group is also active in conducting a dental informatics environmental scan. We hope to see a greater level of participation in the IMIA WG Events, projects and publications.

2. Describe WG/SIG Participation - Engagement and participation in IMIA, IMIA Region or member health informatics events and activities in the past year

   The DI-WG has recently been receiving interested and is becoming active. We also have a Dental Informatics workgroup meeting at the Med-Info 2023.

3. Provide details of the WG/SIG’s Outreach - Recruitment and engagement of new members and target communities, publicity, and representation at major events and/or on social media.

   We have been conducting bi-monthly meetings to find out ways for engagement and expanding the member list. We are also working towards conducting educational webinar
