1. Achievements – IMIA WG Events and projects conducted, and publications completed

The WG ODH was created at the end of 2021. Since the working group members have published the following papers in journals and conferences of the medical informatics community: [1] Benis A, Tamburis O. One Digital Health Is FAIR. *Stud Health Technol Inform.* 2021 Nov 18;287:57-58. doi: 10.3233/SHTI210812. PMID: 34795080. [2] Haghi M, Benis A, Deserno TM. Accident & Emergency Informatics and One Digital Health. *Yearb Med Inform.* 2022 Jun 2. doi: 10.1055/s-0042-1742506. Epub ahead of print. PMID: 35654425. [3] Tamburis O, Benis A. One Digital Health for more FAIRness. *Methods Inf Med.* 2022 Sep 7. doi: 10.1055/a-1938-0533. Epub ahead of print. PMID: 36070786. Other communications (articles and book chapters) are currently under consideration.

2. Describe WG/SIG Participation - Engagement and participation in IMIA, IMIA Region or member health informatics events and activities in the past year

The IMIA WG ODH has a mirror WG at EFMI (EFMI WG ODH) dealing with local projects. In partnership with the IMIA WG Accident & Emergency Informatics, the working group has published a manuscript in the IMIA Yearbook 2022. Haghi M, Benis A, Deserno TM. Accident & Emergency Informatics and One Digital Health. *Yearb Med Inform.* 2022 Jun 2. doi: 10.1055/s-0042-1742506. Epub ahead of print. PMID: 35654425.

The working group is expanding its activity to recruit new members in other IMIA regions.

3. Provide details of the WG/SIG's Outreach - Recruitment and engagement of new members and target communities, publicity, and representation at major events and/or on social media.

The working group is (1) actively recruiting members involved in its current research activities; (2) participating in different scientific meetings to introduce and explain what

Oner Digital Health is and why this is an important new field; (3) developing its and searching for new collaborations with other WGs (e.g., Accident and Emergency Informatics); the LinkedIn working group page (used both for the EFMI and the IMIA WGs ODH) has at the end of November 2022, 81 followers.
